## Time Line 7 The 7 Year Covenant and Great Tribulation

# THE 7 YEAR COVENANT

Daniel 9:2,7

All of the other Ministry time lines are historically verifiable; however, this time line is entirely future tense and so only a subjective interpretation offering one possible solution to these passages.

All of the appointed times that we refer to as the Spring and Fall feasts occur during this period that the Scriptures call Summer. They are Summer festivals, because they are the harvest festivals "of life", and are all prophetic of the Harvest of the redeemed of the earth. The "early" harvests being prophetic of Yeshua's 1st coming, and the "latter" harvest being prophetic of His 2nd coming and of the great harvest at the end of the world. Chanukah and Purim on the other hand are the Winter festivals "of death", and are not prophetic of our redemption through Yeshua's blood, but of the false messiah's rule, of his attempt at destroying the Eternal One's people, and of his ultimate defeat at Yeshua's hand.</p>																				
<p><b>Note Section 1</b></p> <p>The covenant is broken in the middle of the 7 years with the battle between the False Messiah and Two Witnesses taking place in close proximity to this time, and resulting in the death of the Two Witnesses. <b>Daniel 9:27; Rev. 11:7</b></p>

# Commentary Addendum

Here are some key points of this time table summarized, and with some added points. This time table is keyed to Time Line 1 "The 6000 Years from Adam to Yeshua".

These passages are likely referring to prophecy yet to be fulfilled in the future and so can only be subjectively interpreted; therefore this time table only postulates one possible solution for harmonizing all the above related passages. However, it provides the most comprehensive Time Table available that I am aware of showing how the Scriptures related to the 7 Year Covenant and 42 moon tribulation are likely to unfold. Additionally, this ministry does not equate the tetrad moon phenomena of 2014/15 in any manner to the blood moon prophecy of **Joel 2:30,31** and **Revelation 6:12**.

- Concerning the Pesach and Sukkot dates that line up with the tetrad lunar eclipse cycle of 2014/15 (\*\*erroneously referred to as the "blood moons" of 2014/15), I believe this signals not the 2<sup>nd</sup> coming as 119 Ministries, Monte Judah, and Mark Biltz of El Shaddai ministries have proposed, but rather, signals a "possible" war against Israel by its neighbors that concludes with the recapturing of the Temple Mount, or in some other event, that ultimately lays the foundation for the Temple to be rebuilt by 2021 and culminating in Yeshua's return by Yom Teruach/Day of Trumpets 2027.
- This time table postulates a Covenant of false peace to be made on Yom Teruach 2020; **Yesh'yahu (Isaiah) 28:14-18; Daniel 9:27; I Thessalonians 5:3**; where the Two Witnesses will likely begin their 1260 days of prophesying; **Revelation 11:3-6; Mattit'yahu 24:14**.
- On Yom Kippur of this same year, 2020, the 7<sup>th</sup> Seal appears to be opened; **V'yikra (Leviticus) 16:11-14; Revelation 8:1-5**.
- The Temple construction beginning in 2020 would then likely conclude (without an outer court), 220 days into the 7 year covenant; **Revelation 11:1,2**. This completion date, 220 days later (7 Moon cycles and 20 days later), falls on the 2<sup>nd</sup> Pesach of the year in Apr-I of 2021 and represents the beginning of the 2300 evenings and mornings (the evening and morning sacrifices) prophesied in **Daniel 8:13,14**.
- Yom Teruach 2021, the 1<sup>st</sup> shofar appears to be sounded; **Revelation 8:6,7**.
- Yom Teruach 2022, the 2<sup>nd</sup> shofar appears to be sounded; **Revelation 8:8,9**.
- Yom Teruach 2023, the 3<sup>rd</sup> shofar appears to be sounded; **Revelation 8:10,11**.
- The orbits of the Earth and Moon shift significantly enough by this time to where the 360 day solar, and 30 day lunar, cycles have now possibly been restored; **Yesh'yahu (Isaiah) 24:18b-20**. (See "Time Study 3, The Restoration of the 360 day Solar cycle, and 30 day Lunar cycle"; and "Time Study 5, The 150 Days of Genesis Explained")
- From Purim (in "the Winter") to Pesach 2024 and shortly thereafter, is when it appears the false messiah will kill the 2 Witnesses; **Revelation 11:7**, bring an end to sacrifices, and set up the abomination that causes desolation; **Daniel 9:27, 11:31**, as well as declare himself to be God; **Daniel 11:36; 2 Thessalonians 2:1-4**; and pursue his 42 moon cycle (these would be restored 30 day moon cycles) reign of terror against those who obey the Eternal One's commandments and have the Testimony of Yeshua and refuse the mark of the beast. This 42 moon period would extend from the time that the beast killed the 2 Witnesses to the time of Yeshua's return where the beast is destroyed by the brightness of Yeshua's coming; **2 Thessalonians 2:8**;

**Revelation 13:3-5; Mattit'yahu 24:15-22; Daniel 7:21-25; 9:27; 11:31,32; 12:1-13  
Revelation 6:9-11; 12:17; 13:5-7; 14:12,13; 20:4.**

- Yom Teruach 2024, the 4<sup>th</sup> shofar appears to be sounded; **Revelation 8:12,13.**
- Yom Teruach 2025, the 5<sup>th</sup> shofar appears to be sounded; **Revelation 9:1-12.**
- Yom Teruach 2026, the 6<sup>th</sup> shofar appears to be sounded; **Revelation 9:13-21.**
- Yom Teruach 2027, the 7<sup>th</sup> shofar appears to be sounded. Those who have been martyred over the centuries are resurrected as a great and mighty army. Yeshua is officially coronated as King over the Earth; **Yechezk'el (Ezekiel) 37:1-10,11-14; I Corinthians 15:51-54.**
- Yom Kippur 2027, the Elect who are alive and remain are caught up to join Yeshua and His army in the clouds of the sky, and the 7 bowls of wrath of the 7<sup>th</sup> shofar is poured out against the armies that come against Jerusalem; **I Thessalonians 4:13-17; Revelation 16:1-21; 19:11-21; Mattit'yahu 24:27-31, 36-44; Yechezk'el 38:1-39:29.**
- After this, the Temple is cleansed by Yeshua 2300 days after the sacrifices began in the Temple in Apr-I of 2021; **Daniel 8:13,14.** After Yeshua cleanses this **Revelation 11:1,2 / 2 Thessalonians 2:4** Temple, He appears to build upon and expand it into the Temple prophesied in Ezekiel; **Zechar'yah (Zechariah) 6:12,13; Yechezk'el (Ezekiel) 40-47.** Seven Moon cycles are then spent burying the dead from the armies that came against Jerusalem, and seven years are spent burning the wooden weapons that were used in the war in place of the technology lost when the Earth went fully into its **Yesh'yahu (Isaiah) 24:18-20** wobble; **Yechezk'el (Ezekiel) 39:9-14.**

**\*\*Note:** A reddish/orangish color of a full lunar eclipse (the eclipses of which are very common) is not what the term "Blood Moon" scientifically or historically refers to. The blood moon historically and scientifically is the first full moon following the Harvest moon following the Fall equinox after the Summer harvest has been brought in.

The Blood Moon, also known as the "Hunter's Moon", is when the farmer's would go out and begin their hunting season after the harvest to gather their meat supply in for the Winter. The Blood Moon/Hunter's Moon likewise, always, and only, falls in Autumn of the year and only takes on a reddish/orangish color in the years that it happens to also be a full or umbral lunar eclipse.

Therefore, it is presumptuous and great error to associate the recurring tetrads (erroneously named "blood moons") with the one-time prophetic event of **Joel 2:31 / Revelation 6:12** which is also likewise preceded first by an earthquake, and then by a darkening of the sun – events that have never occurred prior to any of the much discussed tetrad/blood moons taking place throughout history.
